Conflict Free Minerals (CFM)

Dear Madam or Sir,

Dunkermotoren as subsidiary of the publicly traded US company AMETEK is subject to Section 1502 of the United States Dodd-Frank Wall Street Reform and Consumer Protection Act („Dodd-Frank Act“), which includes requirements related to the use of Conflict Minerals tin, tantalum, tungsten and gold.

All Supplier delivering products which include the above mentioned minerals have to be able to give proof of origin to Dunkermotoren regarding the sources of these materials:

- The Supplier acknowledges that Dunkermotoren is required to comply with Section 1502 of the United States Dodd-Frank Wall Street Reform and Consumer Protection Act („the Dodd-Frank Act“) which includes requirements related to the use of tin, tantalum, tungsten and gold.
- The Supplier shall source and track the chain of custody of all Conflict Minerals contained in any products in accordance with the OECD Due Diligence Guidance for Responsible Supply Chains of Minerals from Conflict-Affected and High-Risk Areas.
- At request of Dunkermotoren the Supplier has to execute and deliver declarations in the form of the EICC-GEI Conflict Minerals Reporting Template as adopted by EICC-GeSI.
- The Supplier has to immediately disclose any changes to the conflict-free minerals status of any products.
- If Dunkermotoren has reason to believe the minerals in any products are not conflict-free, Dunkermotoren shall place the supplier under contract review and research alternative supply sources. Dunkermotoren may immediately terminate the relevant order as a termination for convenience. All products provided after December 31, 2014 shall be „Conflict Free“ as defined in the Dodd-Frank Act.

In case of any questions or concerns regarding the Dodd-Frank Act please do not hesitate to get in touch with your contact person within our Purchasing Department.

Thank you very much for your understanding and cooperation.
